FACULTY OF ARTS AND SOCIAL SCIENCES PUBLICATION REPORT

INDEXED IN WEB OF SCIENCE & SCOPUS

2021-2025

Prepared By:
Research Strategy & Policy Centre (RSPC)
Department of Research Development
Deputy Vice-Chancellor (Research & Innovation) Office

PREFACE

At Universiti Malaya (UM), our mission extends far beyond the creation of knowledge—we are deeply committed to its global dissemination and societal impact. It has been an extraordinary academic rigor, innovation and discovery across our faculties, research centers and institutes. However, we recognize that the true measure of academic excellence is not just in the volume of our output, but in the reach and resonance of our findings.

Publishing high-quality research is a monumental achievement, yet it is only the beginning of a paper's journey. In an increasingly competitive global academic landscape, visibility is the bridge between a published article and impactful discovery.

This compilation of UM journal publications was born from a strategic imperative: to maximize the discoverability of our researchers' hard work. By curating and spotlighting these publications, we aim to break down silos, encourage cross-disciplinary partnerships, and ensure that UM's intellectual contributions are accessible to the global scientific community.

It is our hope that this collection not only serves as a testament to UM's enduring culture of research excellence but also acts as a catalyst for future collaborations and stronger international reputation for our institution.

Whether you are a fellow academic seeking foundational literature, a prospective collaborator, or a student, this compilation brings together the Universiti Malaya's academic achievements. We invite you to explore the findings within and connect with the researchers driving UM's legacy of excellence forward.

INDEXED PUBLICATION 2024
